## Objective

Eager to apply and learn from experienced professionals. Excited to contribute to company/organization and grow professionally.

## Education

### B.Tech-Information Technology

Vishnu Institute of Technology,Bhimavaram

June 2025

Current GPA: 9.24/10

### Intermediate- Maths, Physics, Chemistry Stream

Sasi Junior College,Tadepalligudem

June 2021

Marks:946/1000

### X class-Bharatiya Vidya Bhavan's Residential public school (CBSE)

June 2019

Marks:427/500

## Technical Skills

**Languages:** C , SQL , Python , Java , JavaScript , HTML/CSS , NodeJs , ReactJS

**DataBases :** My SQL , MongoDB , Firebase

**Tools:** Git/GitHub , VS Code

## Soft Skills

Time Management, Good Learner, Adaptability

## Internships

### AICTE |Summer Internship

May 2023-June 2023

Completed Summer Internship in Artificial Intelligent and Machine learning provided by AICTE Learned how to interact with machines

### Swecha |Summer Internship

May 2024-June 2024

Completed Virtual Summer Internship in Artificial Intelligent and Machine learning provided by Swecha

## Projects

### Smart Notice Board for college | {Team Project

Nov. 2023

- HTML/CSS,Firebase, VS Code
- Developed an online web application for college to know about the timetable updates and events in the college
- Learned how to use front-end with backend databases and APIs

### QA Crafter | {Machine Learning, Natural Language Processing (NLP), Python, React, PDF Parsing

April 2024

- Developed QA Crafter, a project focused on generating questions and answers from given PDF and text formats. This tool utilizes advanced machine learning techniques to process and analyze text data, enabling efficient content comprehension and interactive learning
- The front-end of the application was built using React to ensure a seamless and user-friendly interface.

## Certificates

- AWS Machine Learning
- AWS Cloud Computing

## Workshops and Training

- Nvidia Jetson Nano workshop -Participated in workshop provided by Nvidia about deep learning
- AWS Redshift -In this training I learnt about Data Warehousing , strong SQL skills with amazon services.
- Snowflake - Participated in the training and gained skills about SQL and various features of Snowflake

## Coding Profiles

- Hacker rank - <https://www.hackerrank.com/profile/21pa1a12c8>
- Leetcode - <https://leetcode.com/u/VeeramalluVineela/>

## Hobbies and Interests

- Drawing
- Painting
